MISH 07

SAFETY BULLETIN BOARDS

AGC CSEA Alignment

Worker Engagement, Involvement, and Participation

OSHA Core Element

Communication and Coordination

Section Summary

Specifies requirements for safety bulletin board placement, required postings, and communication of safety information on all project sites.

SAFETY BULLETIN BOARDS

Document: MISH 07	**Revision:** 2	**Effective:** 04/07/2026	**Approved:** Jeremy Thamert

AGC CSEA Alignment	OSHA Core Element
Worker Engagement, Involvement, and Participation	Communication and Coordination

1.0 PURPOSE

To define the requirements for installing and maintaining safety bulletin board, and to ensure compliance with applicable state, federal and owner safety and health requirements.

2.0 RESPONSIBILITY

2.1 The Key supervisor/Subcontractor is responsible for installing and maintaining a safety bulletin board at the location where the majority of employees report to work.

2.2 Mobile crews shall be advised to the location of the nearest bulletin board.

2.3 Employees shall be responsible for reviewing the bulletin board to keep informed of safety related information.

3.0 DEFINITIONS

Not Applicable

4.0 GENERAL REQUIREMENTS

4.1 Every job site with eight or more persons shall install and maintain a safety bulletin board where the majority of employees report to work.

4.2 Safety bulletin boards shall be sufficient size to display and post safety bulletins, newsletters, posters, accident statistics, and other safety educational material.

4.3 As a minimum, the safety bulletin board shall post the following:

- DOE Occupational Safety and Health Poster DOE-F 5480.2 (DOE sites only)
- DOE Occupational Safety and Health Complaint Form 5480.4 (DOE sites only)
- Industrial Insurance Labor and Industries (Federal or State Specific)
- Citations and Notices-as needed
- OSHA 300 form during February 1st to March 1st.
- Owner supplied safety bulletins, publications and posters.

4.4 Suggested items to be posted include the following:

- Safety and Health posters
- Minutes of safety meetings
- Information on accidents
- Lessons Learned
