Silica Exposure Control Plan and Monitoring Log Acknowledgment

This Silica Exposure Control Plan and Monitoring Log outlines procedures to protect employees from respirable crystalline silica exposure. It includes engineering controls, work practices, and respiratory protection measures. Regular monitoring and medical surveillance are conducted to ensure compliance with regulatory limits. All employees working with silica-containing materials must adhere to this plan to prevent adverse health effects. This policy is in accordance with 29 CFR 1926.1153

Respirable Crystalline Silica Construction and WAC 296-62-07521 Silica General Industry adopted by reference for construction; WAC 296-155-160 Gases Vapors Fumes Dusts and Mists.

I acknowledge that I have read, understand, and agree to comply with the MH Construction Silica Exposure Control Plan and Monitoring Log Policy as required by 29 CFR 1926.1153 Respirable Crystalline Silica Construction and WAC 296-62-07521 Silica General Industry adopted by reference for construction; WAC 296-155-160 Gases Vapors Fumes Dusts and Mists.
