

CONTROLLED MARKETING PROGRAM

Event & Community Outreach Program

Chamber Engagement, Sponsorship, Volunteer and Hosted-Event Control

Document ID: MKT-002

Author and Chief Editor: Matt Ramsey

Final Approver: Jeremy Thamert, Owner

Lifecycle: Rough Draft

Source schedule: MH Construction, INC 2027 Field Marketing Calendar

Issue date: August 4, 2026

Show up. Serve well. Build legitimate relationships. Follow through.

Control: Version 1.0 | Status Rough Draft | Author and Chief Editor: Matt Ramsey | Co-Editor: Todd Shoeff | Final Approver: Jeremy Thamert

Document Control

Control	Value
Document ID	MKT-002
Canonical filename	mh-event-and-community-outreach-program
Department	Marketing Department
Author / Chief Editor	Matt Ramsey
Final Approver	Jeremy Thamert, Owner
Lifecycle	BETA - Draft for Final Approval
Accountable position	CHNAV / Business Development Command
Responsible position	Marketing Lead
System of action	Marketing Flight
Authoritative final archive	Dedicated in-house server
Source planning register	MH Construction, INC 2027 Field Marketing Calendar
Review cadence	Monthly during 2027 beta; formal AAR after Q2 and year-end

1. Command Intent

MHC will build durable, legitimate local relationships by consistently attending, sponsoring, volunteering at and hosting selected chamber, industry and community events. The program converts event presence into service, trust, market intelligence, qualified relationships and accountable follow-through. It is a BETA operating program and may scale, contract or change after measured reviews.

Ethical engagement rule

“Infiltrate” is treated only as internal campaign shorthand for sustained, transparent participation. MHC personnel must identify their affiliation, follow organizer rules, avoid deceptive access, improper influence, quid pro quo, concealed political activity and misuse of confidential information. Chamber leadership or committee service must benefit the organization and community, not create a hidden purchasing advantage.

2. Scope and Objectives

- Create a deliberate presence in selected Chambers of Commerce and civic networks.
- Earn trust by contributing time, expertise, sponsorship and hosted value.
- Build relationships with Client Partners, Trade Partners, public agencies, workforce partners, veterans and community leaders.
- Capture event-generated contacts and opportunities in Marketing Flight.
- Create approved public content that supports the MH veteran-owned and community-service brand.
- Develop a repeatable annual portfolio that can scale without overloading operations or diluting follow-through.

3. Authority and Role Matrix

Position	Program responsibility
Owner / Final Approver	Final approval for program, annual plan, hosted events and controlled publications.
Upper Brass	Controlled roster: CEO, COO, CHENG, CHNAV and Owners. Members serve as chamber relationship owners and Event Sponsors.
CHNAV / Business Development Command	Accountable position for outreach strategy, chamber relationship plan, opportunity handoff and portfolio value.
Marketing Lead	Responsible for calendar, event research, Marketing Flight records, briefs, content, follow-up and reporting.
Upper Brass Event Sponsor	Assigned executive position who represents MHC, owns priority relationships and completes required follow-up.
Chief Editor	Controls program architecture, terminology, brand alignment and document integrity.
IT Specialist	Controls Marketing Flight access, server archive, integrations, backup and recovery.
CFO / Financial Lead	Controls budget coding, commitments, reconciliation, tax documentation and financial records.
Safety and Systems Command	Reviews volunteer, booth, vehicle, equipment, food, alcohol and public-event safety requirements.
Project Manager / Superintendent	Verifies project facts, staffing impacts and client/site permissions when event content involves a project.

Upper Brass is the controlled position grouping of CEO, COO, CHENG, CHNAV and Owners. Each activated event receives a primary Event Sponsor and backup. The annual calendar allocates attendance so executive participation remains deliberate and does not interfere with project delivery.

3.1 Target Chamber Campaign

Priority	Target	2027 command objective
1	Tri-City Regional Chamber	Prestige objective and long-range priority. Build consistent access, earn committee responsibility and prepare for future board eligibility without forcing the timeline.
2	Richland Chamber	Active penetration objective. Maintain Cool Desert Nights Committee performance and secure an MHC board seat when the Chamber completes its process.
3	Pasco Chamber	Agriculture objective. Use only the supplied calendar events and approved Chamber relationships to establish credible agriculture-sector access.
4	West Richland Area Chamber	Veteran objective. Sponsor, volunteer and participate through the selected Veterans Day Parade schedule entry.
5	Tri-Cities Hispanic Chamber / Hispanic Heritage network	Relationship-development objective. Begin with listening and service through the supplied schedule; do not add or substitute events without discussion.

4. Engagement Lanes

Lane	Purpose	Control
Attend	Observe, learn, build legitimate relationships and record opportunities.	No passive attendance without an assigned objective, contact target and follow-up owner.
Sponsor	Exchange approved value for defined visibility, access or community benefit.	Require written benefits, cost, audience, conflicts check, approval and fulfillment evidence.
Volunteer	Provide labor, expertise or service that benefits the organizer and community.	Require scope, supervision, safety, insurance, youth/vulnerable-person and media review.
Host	Create an MHC-controlled forum such as a briefing, roundtable, open house, service day or veteran/community event.	Require charter, budget, venue, permits, safety plan, guest controls, content plan and closeout.

5. Research Library and Operating Calendar

The 100-event workbook remains the research library and evidence source. The executable 2027 calendar is condensed to 30 activations, normally two per month with three during selected strategic months. The operating calendar stays inside the Tri-Cities whenever practical and uses limited major-event exceptions. No research-library event is presented as an operating commitment unless it appears in the approved condensed calendar.

Criterion	Weight	Decision test
Strategic alignment	20	Supports chambers, construction, workforce, veterans, Client Partners or target markets.
Relationship value	20	Creates legitimate access to decision-makers, partners or community leaders.
Audience fit	15	Attendees match approved client, workforce, trade, public or referral segments.
Community value	15	Produces a defined public, charitable, workforce or economic-development benefit.
Activation quality	10	MHC can attend, sponsor, volunteer or host with a clear mission and deliverable.
Timing and capacity	10	Staffing, travel, project workload and lead time are workable.
Cost and measurable value	5	Cost is known and proportionate to objectives and expected evidence.
Risk and evidence readiness	5	Organizer, claims, permissions, safety, reputation and source evidence pass review.

Default BETA resource levels

Score	Default resource assignment
80-100	Strategic anchor: assign Upper Brass sponsor and annual relationship plan.
65-79	Standard activation: assign lane, staffing, budget and follow-up owner.
50-64	Scheduled support: attend, volunteer or participate using the calendar-defined mode.
Below 50	Retain on the authorized schedule and use the lowest-risk, lowest-cost suitable mode pending discussion.

5.1 Conservative Annual Investment Control

The BETA uses a \$30,000 MHC-funded annual ceiling for the condensed operating calendar. Every monetary commitment must pass the score, approval and benefit controls. The range is grounded in current local examples from \$400 memberships and \$500 community sponsorships through \$6,000 membership or agriculture packages and \$10,000 exclusive sponsorships.

Budget class	2027 ceiling	Control
Chamber memberships and leadership access	\$8,000	Supports up to five target relationships, including a Regional Chamber tier if approved.
Strategic event sponsorships	\$10,000	Reserve for scored Tier 1 and Tier 2 activations; no automatic renewals.
MHC-hosted flagship seed funding	\$7,500	Maximum MHC net exposure; external sponsors must fund at least 60% of direct event cost before launch.
Travel, materials and volunteer activation	\$3,000	Local travel, booth materials, PPE, service supplies and controlled hospitality.
Management reserve	\$1,500	Owner-controlled contingency; unused funds remain uncommitted.
Total MHC-funded annual ceiling	\$30,000	Gross ceiling before documented sponsor reimbursements or in-kind contributions.

Single-event planning caps are \$1,000 for routine support, \$2,500 for standard sponsorship and \$6,000 for a strategic anchor. Any single commitment above \$2,500, every hosted event and every exception requires Owner approval.

6. Stage-Gate Workflow

Gate	Required action	Retained evidence
Discover	Log event, organizer, source, recurrence, geography and possible participation lane.	Marketing Flight opportunity record
Validate	Confirm date, source, organizer, cost, sponsorship inventory, audience and cancellation terms.	Validation record with source links
Score	Apply weighted score, select portfolio tier and state decision rationale.	Event scorecard
Authorize	Assign Event Sponsor, approve lane, budget, staffing, message and risk controls.	Approved event decision record
Brief	Issue mission, objectives, contacts, talking points, logistics, dress, media and follow-up plan.	Event briefing sheet
Execute	Represent MHC openly, follow rules, capture approved contacts and document commitments.	Attendance, contact and expense records
Follow through	Enter contacts within one business day; complete commitments and sales handoff.	Marketing Flight tasks and handoff record
AAR and close	Compare objective to result, reconcile cost, retain proof and set next-year recommendation.	After Action Review and archive package

7. 2027 Condensed Operating Calendar

This review draft contains 30 proposed activations: 26 in the Tri-Cities area and four major-event exceptions. Pendleton Round-Up is retained as the principal out-of-area community exception. Spokane AGC/WSDOT and agriculture events support industry access; Umatilla County Fair supports the regional agriculture market. The West Richland Veterans Day Parade is included under the Chief Editor's prior direction and is the only entry not reproduced from the supplied workbook.

#	Month	Event	City / State	2027 date / window	Status	Participation mode
1	January	Washington and Oregon Potato Conference	Kennewick, WA	January 25-28, 2027	Confirmed	Attendee, Exhibitor, Sponsor
2	January	Tri-Cities Sportsmen Show	Pasco, WA	Not found	Forecast	Attendee
3	January	Save the Date! AGC-WSDOT Annual Meeting	Spokane, WA	Jan 7, 2027	Confirmed	Participant
4	February	Regional Home & Garden Show	Pasco, WA	Not confirmed	Forecast	Exhibit/Sponsor
5	February	Spokane Ag Show	Spokane, WA	February 2-4, 2027	Confirmed	Attendee, Exhibitor, Sponsor
6	March	Custer's Spring Arts & Crafts Show	Pasco, WA	March 19-21, 2027	Confirmed	Attendee, Exhibitor
7	March	Economic Summit	Tri-Cities, WA	Unknown	Forecast	Attendee
8	April	Lakeside Gem & Mineral Show	Kennewick, WA	April 18-19, 2027	Confirmed	Attendee, Exhibitor
9	April	Pasco Taco Crawl	Pasco, WA	Not found	Forecast	Attendee
10	May	Tri-City Construction Council Annual Scholarship Golf Tournament	Kennewick, WA	Not confirmed	Forecast	Attend/Sponsor
11	May	Pasco Cinco de Mayo Parade & Festival	Pasco, WA	Not confirmed	Forecast	Attend/Sponsor/Vendor
12	May	Pasco Farmers Market	Pasco, WA	Not confirmed	Forecast	Attend/Exhibit
13	June	Cool Desert Nights	Richland, WA	Not confirmed	Forecast	Attend/Exhibit/Sponsor
14	June	Tri-Cities Pride Festival	Pasco, WA	Not found	Forecast	Attendee, Exhibitor (fully booked for 2024), Volunteer (closed for 2024), Performer/Talent (fully booked for 2024)
15	July	2024 Water Follies Apollo Columbia Cup & STCU Over-the-River Air Show	Kennewick/Pasco, WA	Not found	Forecast	Spectator, Pit Pass
16	July	Pasco Grand	Pasco, WA	Not confirmed	Forecast	Attend/Sponsor

#	Month	Event	City / State	2027 date / window	Status	Participation mode
		Old 4th of July Celebration				
17	July	Art in the Park Festival	Richland, WA	Not confirmed	Forecast	Attend/ Exhibit/Sponsor
18	August	Benton Franklin Fair and Horse Heaven Round Up	Kennewick, WA	Unknown	Forecast	Attendee/ Vendor
19	August	Umatilla County Fair	Hermiston, OR	Not Published	Forecast	Spectator, Participant, Vendor
20	September	Pendleton Round-Up	Pendleton, OR	Not Published	Forecast	Spectator, Participant
21	September	Mayors' BBQ	Tri-Cities, WA	Unknown	Forecast	Attendee
22	September	Tri-Cities Parade of Homes	Tri-Cities, WA	Not confirmed	Forecast	Attend/Sponsor
23	October	Business Showcase	Tri-Cities, WA	Unknown	Forecast	Exhibitor/ Attendee
24	October	Field of Screams	Richland, WA	Not found	Forecast	Attendee
25	November	Pacific Northwest Vegetable Association Conference	Kennewick, WA	Not Confirmed	Forecast	Attendee, Exhibitor, Sponsor
26	November	Tri-Cities Wine Festival	Kennewick, WA	Not found	Forecast	Attendee
27	November	West Richland Tri-Cities Regional Veterans Day Parade	West Richland, WA	November 2027 - revalidate	Previously directed strategic addition	Sponsor / volunteer / participate
28	December	Hometown Holiday Parade	Kennewick, WA	Not confirmed	Forecast	Attend/Sponsor
29	December	NW Hort Expo	Kennewick, WA	Not Confirmed	Forecast	Attendee, Exhibitor, Sponsor
30	December	Winter Wonderland	Richland, WA	December 1-31, 2027 (estimated)	Forecast	Attendee

This calendar is a proposed condensation for Chief Editor approval. No further addition, deletion or substitution becomes controlled until discussed and approved.

8. Chamber Engagement Campaign

- Establish one controlled relationship plan for each approved Chamber.
- Assign an executive relationship owner and an operating coordinator.
- Define target committees, leadership forums, ribbon cuttings, workforce programs and sponsorship opportunities.
- Attend consistently enough to become useful and credible; avoid isolated “logo-only” sponsorships without a relationship objective.
- Record introductions, commitments, community issues and next actions in Marketing Flight.
- Complete a quarterly AAR on access, service delivered, opportunities, reputation and workload.

9. Event Briefing and Conduct

Required briefing content

- event mission and measurable objective
- Event Sponsor, attendees, backup and organizer contact
- priority people and approved conversation objectives
- approved MHC description, proof points and prohibited claims
- participation lane, dress, booth, signage, materials and accessibility
- travel, schedule, check-in, parking, venue and weather plan
- safety, insurance, alcohol, food, minors, vehicles, equipment and emergency controls
- photo, media, testimonial and social-post permissions
- contact capture, commitment log and follow-up owner
- budget, cost code, receipts and closeout deadline

Conduct standard

Represent MHC openly and professionally. Serve before selling. Do not pressure organizers, collect personal data without a legitimate purpose, make unapproved promises, discuss confidential project information, offer improper gifts, use political activity to obtain business, or publish people and property without approval.

10. Sponsorship, Volunteer and Hosted-Event Controls

Sponsorship due diligence

- Verify the legal organizer, benefits, exclusions, audience, payment terms, cancellation terms, insurance and deliverable dates.
- Check conflicts with clients, public officials, competitors, political activity, restricted industries and project procurement.
- Assign every contracted benefit, proof requirement and fulfillment owner.
- Reconcile actual cost and value during the AAR; renewal is never automatic.

Volunteer activation

- Obtain written scope, supervisor, location, schedule and task restrictions.
- Review workers compensation, general liability, auto, tools, PPE, food handling, youth/vulnerable-person contact and background-check requirements.
- Use an attendance roster, incident process and volunteer-hours record.
- Do not allow volunteer work to become unapproved construction, professional design or regulated work.

MHC-hosted event

- Issue a one-page event charter defining purpose, audience, owner, budget, success criteria and cancellation authority.
- Approve venue, occupancy, permits, insurance, accessibility, security, parking, weather and emergency plan.
- Control invitations, registration, privacy, photography, food, alcohol, speakers, sponsors and public-official participation.
- Complete financial reconciliation, contact follow-up, media release and AAR before closeout.

11. Marketing Flight and Sales Handoff

Marketing Flight is the system of action for event opportunities, organizers, contacts, tasks, campaigns and attribution. The in-house server retains the final approved archive package. Contacts must be entered or synchronized within one business day and must carry source event, date, relationship owner, consent basis, next action and due date.

Default handoff trigger

Until the Owner approves a different threshold, Marketing transfers an event-generated opportunity to CHNAV/Sales when a contact identifies a specific project or procurement need, confirms decision timing and agrees to direct follow-up. Marketing retains attribution visibility while Sales controls the pursuit record.

12. Media, Brand and Public Communication

- Use the approved MH logo, colors, typography and veteran-owned language.
- Obtain organizer and subject permissions before publication.
- Verify licenses, awards, safety, capacity, project, client and community-impact claims against controlled evidence.
- Do not publish live security, access, private attendee, youth, medical or proprietary information.
- Route social posts, email blasts and event recaps through Marketing Flight approval and scheduling.
- Archive final public assets and approval evidence on the in-house server.

13. Performance and AAR

Measure	Definition	BETA control
Portfolio discipline	Percent of activated events with approved scorecard and decision record	100%
Relationship follow-through	Priority contacts with assigned next action within one business day	95% or higher
Commitment closure	Promises, introductions and organizer deliverables closed by due date	100%
Forecast validation	Forecast events revalidated before commitment	100%
Community contribution	Volunteer hours, in-kind support and hosted-event benefit	Report actuals; target set annually
Qualified opportunity value	Marketing Flight opportunities attributable to events and accepted by Sales	Report count, value and conversion
Sponsorship fulfillment	Contracted benefits received and documented	100% or exception logged
Brand and compliance	Unauthorized claims, posts, gifts, political activity or privacy violations	Zero
Portfolio learning	Activated events receiving an AAR and next-year recommendation	100%

Combined 2027 program score

Score element	Points	Evidence
Strategic chamber progress	25	Board/committee progress, relationship plan execution and target-market access.
Relationship and follow-through	20	Priority contacts, completed commitments, next actions and Sales handoffs.
Community and veteran value	20	Volunteer hours, in-kind benefit, organizer outcomes and veteran/community contribution.
Qualified pipeline contribution	15	Accepted Marketing Flight opportunities, estimated value and conversion evidence.
Execution and brand control	10	Briefings, attendance, sponsor fulfillment, AARs and zero critical violations.
Financial stewardship	10	Budget variance, sponsor leverage, cost per qualified relationship and documented value.

The year-end score governs 2028 disposition: 80-100 expands the program; 70-79 authorizes controlled expansion; 60-69 holds scale and requires a corrective plan; below 60 contracts or stops the program. Any critical legal, safety, ethics, privacy or financial-control violation prevents expansion regardless of the numeric score.

14. Required Forms and Records

Record ID	Required record	Primary system
MKT-FRM-010	Event opportunity and validation record	Marketing Flight
MKT-FRM-011	Event scorecard and decision record	Marketing Flight; approved PDF to server
MKT-FRM-012	Event briefing sheet	Marketing Flight / Field Command Center as applicable
MKT-FRM-013	Event contact and commitment log	Marketing Flight
MKT-FRM-014	Sponsorship benefits and fulfillment tracker	Marketing Flight / Finance record
MKT-FRM-015	Volunteer activation plan and roster	Marketing Flight / Safety record
MKT-FRM-016	Hosted-event charter and risk review	Marketing Flight; approved PDF to server
MKT-FRM-017	Event After Action Review	Marketing Flight; final PDF to server
MKT-FRM-018	Annual outreach portfolio and budget register	Marketing Flight / Sage 100 reference

15. Approved Direction Register

The Owner direction below closes the program-level gaps for target hierarchy, executive participation, investment, hosted-event funding and the 2028 scale decision. Event-specific dates, prices, sponsor inventory and risks remain subject to validation before commitment.

Decision	Approved direction
Target hierarchy	Tri-City Regional, Richland, Pasco, West Richland, then Hispanic Heritage network.
Upper Brass	CEO, COO, CHENG, CHNAV and Owners.
Annual MHC ceiling	\$30,000 with category controls and Owner-controlled reserve.
Hosted-event doctrine	Go BIG, or Go Home: one flagship with at least 60% external sponsor funding and no more than \$7,500 MHC net exposure.
2028 scale test	Combined 100-point score: 80+ expand, 70-79 controlled expansion, 60-69 revise and hold, below 60 contract or stop.

Appendix A. Minimum Event Decision Record

- event name, organizer, jurisdiction and verified source
- confirmed date or forecast window and revalidation date
- engagement lane and weighted score
- portfolio tier and written decision rationale
- Event Sponsor, attendees, responsible position and backup
- objective, target relationships and community benefit
- cash, in-kind, travel and labor budget
- risk, conflicts, insurance, permits, privacy and media controls
- approval, conditions, decision date and cancellation authority
- Marketing Flight record, server archive path and retention class

Appendix B. After Action Review Questions

- What was the approved mission and was it achieved?
- What community value did MHC deliver?
- Which relationships advanced and what is the next action?
- What qualified opportunities were identified and handed off?
- What commitments remain open?
- What did MHC spend in cash, labor, travel and in-kind support?
- Were sponsorship benefits delivered?
- What safety, conduct, privacy, brand or reputation issues occurred?
- Should MHC repeat, expand, change or stop this activation?
- What must change in the calendar, score or briefing before the next event?

Appendix C. Economic Planning Sources

These official public sources establish a local planning range only. They do not add events to the authorized schedule. The Marketing Lead must revalidate current prices, benefits, availability and terms before every commitment.

Appendix D. Calendar Control Rule

The source workbook remains the 100-event research library. The 30-event table in Section 7 is the proposed 2027 operating calendar. Research-library events not selected for 2027 remain available for future-year planning, replacements caused by cancellation, or Chief Editor-directed changes. Any substitution requires a written reason and approval before the integrated calendar changes.
