TBT-01.14: Severe Weather & Lightning Stand-Down

CSI Division: Div 01 | Track Assignment: Track 4 Universal

DIRECTIVE

Lightning is a fatal hazard. If thunder is heard or lightning is seen, all outdoor operations, especially crane and roof work, must cease immediately.

GENERAL ORDER

Seek shelter in a fully enclosed building or hard-topped vehicle. Wait 30 minutes after the last sound of thunder before resuming work.

Key Hazards & Mitigation (The 'What If')

- Lightning spotted while pouring concrete — stop the pour, secure the pump truck, seek shelter.
- Worker seeks shelter under a tree — redirect them to a vehicle or building.
- Crane operator sees a storm approaching — lower the load, secure the boom, exit the cab.

FIELD INSTRUCTION

Foreman: Call the lightning stand-down the moment thunder is heard. Do not wait for rain.
