TBT-32.01: Paving, Asphalt & Flatwork

CSI Division: Div 32 | Track Assignment: Track 1 Civil & Earthwork

DIRECTIVE

Workers must wear high-visibility clothing and stay clear of the paver's blind spots and backing dump trucks.

GENERAL ORDER

Beware of burn hazards from hot asphalt. Maintain hydration and take cooling breaks during high-temperature paving operations.

Key Hazards & Mitigation (The 'What If')

- Dump truck backing up without spotter — stop the truck immediately.
- Worker splashed with hot asphalt — cool with water immediately, seek medical attention.
- Heat exhaustion symptoms — move to shade, hydrate, notify Foreman.

FIELD INSTRUCTION

Foreman: Establish a clear traffic control plan and designate spotters before the first asphalt truck arrives.
